his forces closer and closer about Redwood Canyon. His deputies are moving toward the gorge from several directions. The alarm has spread to every farm in the isolated valleys of the section, and the countryside is on the alert. Unless the unforeseen occurs and the suspects slip through the tightening lines in the darkness, daylight should find them at bay in the canyon, with no hope of ultimate escape.

GAY MAY SEEKS DIVORCE FROM WINTRY DECEMBER.

RENO, April 18.—[Exclusive Dispatch.] After a married life of little more than a year, Mrs. Mary Gattins Coyne filed suit today for absolute divorce from her husband, Edward P. Coyne, the prominent jurist, counsel for the Metropolitan Railways, New York, American counsel of the London Jockey Club, clubman and plunger on the turf. Although the complaint alleges desertion on December 16, 1908, less than six months after their marriage occurred, it is understood that the disparity of their ages—he being past his sixtieth year, while she is a young and beautiful woman in her twenties—is the actual explanation.

MRS. HAMMERSTEIN IN RENO.  
Wife of Noted Impresario's Son Asks Divorce on Ground of Desertion.

John Sims of New York, who after her divorce here last year, remarried a local attorney, she has been known simply as Mrs. Allison. Where she came from and who her family connections were has been steadfastly withheld. This woman, it developed today by the filing of a divorce complaint, is none other than Jean Kent Hammerstein, wife of Arthur Hammerstein, the prominent theatrical promoter and manager of New York and Philadelphia, and son of Oscar Hammerstein, the noted grand opera manager of New York.

# A FEELING OF SECURITY

YOU naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit producing drugs.

Such a medicine is Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy.

The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root.

Swamp-Root is scientifically compounded from vegetable herbs. It is not a stimulant and is taken in teaspoonful doses. It is not recommended for everything. It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root.

If you need a medicine you should have the best.

If you are already convinced that Swamp-Root is what you need, you will find in on sale at all drug stores in bottles of two sizes, fifty-cents and one-dollar.

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle, free by mail—it will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys. When writing be sure and mention The Los Angeles Daily Times.

# MISSIONARIES FLEE FOR LIVES IN CHINA.

PEKING, April 18.—[Exclusive Dispatch.] Authentic statements of the results of the Changsha riots were received today from the Yale Mission at Changsha.

All the foreigners escaped unhurt, the only casualties being the accidental drowning of Bishop Perez and Father Gonzalez and De la Paz of the Spanish-Augustinian Mission by the upsetting of a native boat near Hankow.

The Japanese Consul was safely conveyed by seventy Nationals to Yantai. Several others were left behind, but so far, are unharmed by the riot.

The Chinese Consul was safely conveyed by seventy Nationals to Yantai. Several others were left behind, but so far, are unharmed by the riot.

The British Consul and the Yale Mission are reported safe.

The Standard Oil Company's buildings and all Japanese shops were also wrecked. Everything is now quiet, but there are rumors of trouble in other places. All the Slangtan foreigners are reported safe.

The authorities are awaiting the arrival of reinforcements.

RIOTING CEASES.

SHANGHAI, April 18.—The rioting at Changsha has ceased. The Governor, reported killed, is said to be alive. The military reinforcements sent by the Viceroy from Wu Chang have arrived at Changsha. The missionaries who lost their lives when the junk in which they were fleeing was run down by the British gunboat Thistle, last night, were Spanish-Augustinian priests. They were Bishop Perez and Father Gonzalez and De la Paz.

MISSIONS WRECKED.

PHILADELPHIA, April 18.—The officers in this city of the China Inland Mission today received the following cablegram from Shanghai with reference to the rioting in Changsha.

"All missions wrecked at Changsha. Friends safe. Personal effects all lost. China Inland Mission workers arrived safely at Hankow with exception of Dr. F. A. Keller and O. P. Hollenweber, who are remaining there for the present on a steamer. Position is not encouraging in whole district."

# COLD.

tonight from Oklahoma points announce tremendous shrinkage in wheat and other crops because of drought and chinch bugs.

In Arkansas and Western Kentucky the storms have taken on the nature of tornadoes, demolishing houses and leveling crops in Arkansas and swelling streams and washing away bridges in Kentucky.

NO HOPE FOR THREE DAYS.

Weather forecasters hold out no hope for at least three days. They agree that the air is full of frost, which is likely to do vast damage on any night. Farmers everywhere are filled with alarm and are taking what hasty precautions they can to save fruit and vegetables, but their field crops must take care of themselves.

Discussion has arisen among scientists as to whether the appearance of Halley's comet may have caused an atmospheric disturbance that is responsible for the storm. Prof. Cox, of the local bureau, in speaking of the weather condition today, said, regarding the comet:

"I cannot say whether or not the comet is in any way responsible for the alarming and unexpected cold spell—probably not. Seldom have I witnessed such a sudden change from real spring temperature to the weather of today. I can offer no hope for relief for at least five or six days. The storm which passed over us Saturday, has, in a sense, backed up and is stagnant. The same condition prevails over the Northwest."

Jules M. Waterbury of New York, convicted in the District of Columbia of representing himself as an agent of the Associated Press, and sentenced to eighteen months in the penitentiary at Atlanta, Ga., has abandoned his appeal to four District Court Appeals and has surrendered to Marshal. He will leave for Atlanta to serve his term of imprisonment.

# A UNIVERSAL FOOD

Following Nature's Footsteps.

"I have a boy, two years old, weighing forty pounds and in perfect health who has been raised on Grape-Nuts and milk."

"This is an ideal food and evidently furnishes the elements necessary for a baby as well as for adults. We have used Grape-Nuts in large quantities and greatly to our advantage."

One advantage about Grape-Nuts food is that it is pre-digested in the process of manufacture; that is, the starch contained in the wheat and barley is transformed into a form of sugar by the same method which the process is carried out in the human body, that is, by the use of moisture and long exposure to moderate warmth, which grows the diastase in the grains and makes the remarkable change from starch to sugar.

Therefore, the most delicate stomachs can handle Grape-Nuts and the food is quickly absorbed into the blood and tissue, certain parts of it going directly to building and nourishing the brain and nerve centers.

Made at the pure food factories of the Postum Cereal Co., Ltd., Battle Creek, Mich.

RALPH STAYS  
TO RACE JAKE.De Palma and De Rosier in  
Motorcycle Match.Auto Driver Formerly Was  
Champion Rider.Scattering of Auto Men to  
Other Race Centers.Ralph de Palma signed up last night  
to race Jake de Rosier at the Coliseum,  
next Sunday, in the best two out of  
three heats, on motorcycles.De Palma formerly was a crack motor-  
cycle racer and believes he can take  
away the title of world champion  
held by De Rosier. To make the match  
a three-cornered event, Fred Whittier  
of Salt Lake City, who has been riding  
here, is entered.Whittier was put in primarily to  
ride against De Palma provided De Ro-  
sier could not ride, but now that the  
latter is out on \$1500 bail pending a  
hearing of his case, next Monday, on  
charges brought by the father of a  
young girl whom he is alleged to have  
wronged, the big match seems assured.Now that De Rosier has secured his  
temporary freedom the race should be  
one of the greatest ever pulled off  
here. As an automobile driver De Pal-  
ma is on the best in the world,  
ranking in a class with Strang, Cro-  
zier, Robertson and others. In the  
glory of his auto races his motorcycle  
prowess has been well-nigh forgotten.

## RIDE BIG MACHINES.

The men are to ride seven horse-  
power machines, big enough to travel  
the full speed-capacity of the three  
and one-half lap saucer track, and it  
will be a contest of riders largely if  
the motorcycles hold their speed.The first two heats are to be six  
miles each, or twenty laps, and if a  
third heat is necessary for a decision,  
it is to be for four miles. Seymour  
Kittie, Ward and Logo also are to  
appear.This will be the first time in years  
that De Palma will have raced a mo-  
torcycle, and now that he has gotten  
used to riding on a board track with  
his automobile, he should be able to  
ride the saucer with all his old skill.Manager George Kraemer made a  
flattering offer to De Palma and as  
the latter desired to get a few days  
rest after the hard work at the motor-  
drome last week, he decided to remain  
over. His stable of flat racers are  
being prepared for shipment to Atlan-  
ta, where Robertson and Harroun pre-  
cede De Palma with their machines.Caley Bragg is to remain with De  
Palma. Oldfield and his manager, William  
Pickens, are to go to San Francisco  
tonight to appear in a meeting being  
arranged there, the big Benz to be  
driven exhibiting, while Barney races.With his Knox and Kerscher drives  
the Darraac.

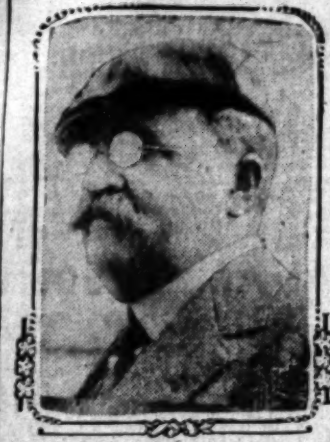

## OFFICIALS LEAVE.

Most of the officials of the A.A.A.  
have left Los Angeles for points along  
the Coast where they will visit.  
George Robertson is still suffering  
from the abrasions back of his ear and  
is to remain here with his wife until  
he is relieved. Frank Lescout, Mar-  
quis and several others are to remain  
for a time. Frank Lescout, to go to  
Dayton the last of the week, and En-  
dicott is to go to Indianapolis.The prizes awarded by the Motor-  
drome Company were: Ray Harroun  
won \$175 in cash and four trophies;  
Barney Oldfield was awarded \$1025 and  
two cups; Ralph de Palma, \$75; Nick  
Nikrent, \$500 and two cups; Al Liv-  
ingston, \$400 and two cups; George  
Robertson, \$500; Ben Kerscher, \$250;  
Bill Enick, \$100; three cups; J. B.  
Marquis, \$275 and one trophy; Frank  
Lescout, \$150; Scott Wade, \$125; Roger Stearns,  
\$75 and one cup; Harry Hanes, \$25  
and one cup; Caley Bragg, trophy, two  
shields and jewelry to be selected by  
him.

## LONG RACE POSTPONED.

The twenty-four-hour race, which  
was to have been run off April 30 and  
May 1, has been postponed until later  
in the summer in order to allow the  
drivers to go east for the opening races  
there. In the summer a double meet  
is planned for the Coast, one for San  
Francisco and another for Los An-  
geles.F. E. Moskovics, who organized the  
Los Angeles Motordrome Co., and Jack  
Prince, who designed and built the  
track, are to leave the latter part of  
the week for San Francisco, where they  
plan to construct a similar track.  
Walter Hempel may go with them to  
lay plans to manage the meets in San  
Francisco and to clear out the place  
in Los Angeles, and in so doing will  
follow out both the plans of Moskovics  
and Prince, and those of the A.A.A.  
officials who are planning a Pacific  
Coast circuit.The impetus the game received in  
Los Angeles seems to have prepared  
the way for a great era of racing along  
the Coast and to popularize the sport  
in winter so that Eastern tourists may  
come here to see the great drivers and  
cars in the off-season, as it is termed  
in the East.Seating arrangements and general  
facilities at the Motordrome are to be  
changed so that the spectators, drivers  
and their mechanics and officials will  
be able to see the events and partici-  
pate in them to the best advantage.

ST. CLOUD (France), April 18.—

England, knock out Spike Rob-  
son also of England in the fif-  
teenth round for the feather-  
weight championship and a

hence he expects to go to Portland.  
Or, to work out plans for establishing  
a Pacific Coast circuit that will cut  
a big figure in national automobile  
affairs."I am much pleased with what I  
have been able to accomplish here in  
Los Angeles," he said before leaving,  
"and I am going North to organize a  
circuit to cover the entire Pacific  
Coast. Since I arrived for the motor-  
drome races I have got the situation  
here in particularly satisfactory shape.  
I have harmonized the automobile  
dealers, makers, racers and the motor-  
drome people here, and they all work  
hand in glove with the national con-  
test board. They are glad to have their  
affairs regulated in accordance with  
the national rules.""From here I go to San Francisco,  
and then to Portland, where I shall  
endeavor to harmonize all interests so  
as to establish a Pacific Coast circuit

I know, from word I have received

great deal not only for the West, but  
for the East also. We will send racers  
from the East out here to compete dur-

nothing doing on the tracks in the

country so covered that there will be  
meets throughout the year.""I am coming out here again next  
winter and have some fun, besides at-  
tending to the meet that is assured  
the motordrome track. You have here  
a world-beating track, and it must  
have opened the eyes of eastern auto-  
mobile enthusiasts."NEED MORE NEW RULES.  
Preliminary Practice Shows Defects in  
Revised Plans Which Require  
Elimination.[ASSOCIATED PRESS DAY REPORT.]  
NEW YORK, April 18.—More tinkering  
with the football rules is necessary  
before it will be possible to save the  
present forward pass across the line  
of scrimmage and still provide an ade-  
quate and proper secondary defense  
for the defensive tactics.This is the opinion today of Henry  
M. Wheaton, ex-Yale player, just back  
in New York, after observing the  
workings of the new rules in spring  
practice at Annapolis, where he will  
be head coach next year. Wheaton  
said:"The troubles of last year and pre-  
ceding seasons with the forward pass  
will not disappear until a rule is  
adopted providing that any forward  
pass across the line of scrimmage,  
which travels more than ten yards be-  
yond the point where the ball is put in  
play, may be caught and handled as  
a fair catch, under the same regu-  
lations that pertain to the catching of  
a kick.""This would allow the defensive half-  
back to catch the ball, and prevent the  
line-bucking, opening the play, and  
holding the forward passes to shorter  
distances.""The new tackling rule, which for-  
bids diving tackles, is a failure, and  
will result in a bigger cripple list than  
the old regulation. Splitting of the  
line, and under the same regu-  
lation, has also resulted in our spring practice."

With Butte Team the Winner in  
the End.[ASSOCIATED PRESS NIGHT REPORT.]  
WASHINGTON, April 18.—The in-  
door rifle shooting team championship  
of the United States has been won by  
the Rocky Mountain Rifle Club of  
Butte, Mont. This club and the Win-  
chester Rod and Gun Club of New  
Haven, Ct., were tied for first place in  
the twelve weeks' shoot. In the de-  
ciding contest last week, the Rocky  
Mountain Club won, 955 to 950.Each of the leading clubs had lost  
one or more of its members.  
The Seattle Rifle and Revolver Asso-  
ciation was sixth. Among other clubs  
in the league were the Los Angeles  
Rifle and Revolver Club, the Tacoma  
Rifle and Revolver Club, and the Tri-  
angle Cadets' Rifle Club of Los An-  
geles.

NEW YORK, April 18.—According to  
the new polo association handicap  
book, the Southern California and Can-  
ada clubs have entered the fold and  
pledged allegiance to the American  
Polo Association. They are recorded  
for the first time in the list. Hitherto  
these clubs have acknowledged only  
the Hurlingham club of London, as  
authority in the game. The San Ma-

SAN FRANCISCO, April 18.—[Ex-  
clusive Dispatch.] Promoter Jimmy  
Coffroth today matched Billy Papke  
and Joe Thomas of San Francisco.  
They are to fight twenty-five rounds  
May 14 at Coffroth's open-air arena  
at Colma.Papke wanted to meet Ketchel or  
Klaus, but he could get neither man  
for next month, so consented to fight  
Thomas, who has the promise from Col-  
fer that if he whips Thomas he will  
surely get another fight with Ketchel,  
probably in July, just before the Jeff-  
ries-Johnson battle.Joe Thomas fought three battles  
with Ketchel. Then he seemed to go  
back, but recently in the main he has  
defeated a number of good men. He  
is a heavy hitter, and the battle with  
Papke should be a good one.Papke will train with Jeffries, and  
should give the retired champion some  
good exercise. He will join James J.  
Jeffries in a few days and share the  
latter's training quarters while train-  
ing for his fight.Sam Berger, Jeffries' manager, re-  
ceived a telegram from Papke today  
asking if he might have training ac-  
commodations with Jeffries, wired  
reply that accommodations could be  
made for him.A few hours after Papke agreed to  
fight Thomas he signed with Louis Biot  
to meet Frank Klaus just three weeks  
after his fight with Thomas. June 4  
is the date, the battle is to take place  
in an open-air arena, to be constructed  
just after the wreck and used his  
barbules are scheduled for twenty-five  
rounds.For the Klaus go weight is agreed  
upon at 125 pounds. The weight ques-  
tion for the Thomas battle is still open  
and will be settled when Thomas  
comes to the Coast.

## BAD SMASH-UP.

## RESCUED BY JOHNSON.

[BY DIRECT WIRE TO THE TIMES.]  
CHICAGO, April 18.—[Exclusive Dis-  
patch.] Jack Johnson, central figure  
in many automobile accidents, figured  
in another shortly after 1 o'clock this  
morning, but in the role of a rescuer.  
First reports had it that he and  
four companions had been badly in-  
jured in a smash-up involving a car  
containing two men and two women  
turned turtle in Jackson Park and  
were seriously hurt.Johnson, who packed his big machine  
yesterday preparatory to shipping it  
to the Coast, was taking a midnight  
nap in one of the extra cars and came  
up just after the wreck and used his  
immense strength to lift the dis-  
mantled car off its victims. He and  
his companions rushed them to the  
nearest hospital.It is feared two of the injured will  
die. Their names are withheld by the  
hospital authorities.

## JEFFRIES STRIPS.

## SHIRT TOO HOT TO WORK.

[ASSOCIATED PRESS NIGHT REPORT.]  
BEN LOMOND (Cal.) April 18.—Visi-  
tors to James J. Jeffries' training  
camp today witnessed the removal of  
usual sight of seeing the former cham-  
pion stripped to the waist while going  
through his stunts.After laboring vigorously with the  
chest weights for half an hour, with  
the perspiration pouring down his face,  
Jeffries suddenly concluded it was too  
warm to work that way and removed  
his heavy undershirt in which he has  
worked for years. He then went at the  
punching bag with a vim that threat-  
ened to wreck that apparatus.In the bright sunlight he loomed up  
almost as muscular as in his former  
days. It showed that his two weeks'  
training had served to remove a  
considerable superfluous fat from the  
upper part of his body, while lower  
down there is still a trace of a fast-  
fading paunch. His huge arms and  
hairy chest looked as formidable as in  
the days of his former pugilistic ca-  
reer.Most of the afternoon was put in by  
Jeffries with exercising with chest  
weights and punching the bag. Farm-  
er Burns explained Jeffries' steady  
improvement. He has a new form of  
loosen up the muscles of his back and  
to regain the elasticity so characteristic  
of his youth.

## AFTER NERVE CENTERS.

PLANS OF JOE CHOYNSKI  
FOR TRAINING JEFFRIES.[ASSOCIATED PRESS DAY REPORT.]  
CHICAGO, April 18.—Joe Choynski,  
who is on his way to California  
to join the Jeffries camp as chief  
trainer, has some unique ideas for  
handling the big fellow, according to  
a special letter sent from La  
Junta, Colo.The dispatch follows:  
"While marking time on a very in-  
teresting trip back to my native State  
—California—I have had much time to  
ponder some plans for working with  
James J. Jeffries at Rowdennan.""Music, art, psychology, painting,  
poetry, literature—all of these are go-  
ing to be tried on the former cham-  
pion at his training camp by yours  
truly, providing I find that, as chief  
boxing partner and superintendent of  
training, I am given the latitude I  
should have.""I shall permit no one to indulge in  
fight talk or pugilistic fanning with  
Jeffries when he is at the training ta-  
ble, or when, in the evening, he elects  
to rest on the porch as a reward for  
strenuous road and gym work. He  
will be my duty to get him back into  
condition, and I have my theories  
on how to dissipate his nervousness  
and his tendency to develop grouch-  
es. When we are out on the road, no  
automobile or rig will be permitted to  
accompany us. I will try to be with  
him."

## JEFF AGREES.

[ASSOCIATED PRESS NIGHT REPORT.]  
BEN LOMOND (Cal.) April 18.—  
When James J. Jeffries was informed  
that Jack Johnson had declared in  
favor of Jack Welch for referee of  
the coming fight, he said:  
"The men weighed in at 125 pounds.  
As the referee is to be picked sixty  
days before the fight, Johnson has been  
giving considerable thought to the  
matter."Several well-known referees were  
mentioned, but the champion would  
not agree to any except Welch. He  
said that if Jeffries approves of Welch  
one of the most serious problems will  
be overcome.

rene, appeared before the commission backed by a big protest and pointed out that there are already eight or ten saloons in that neighborhood, and he won the day.

The commission aimed a blow at the bath and massage parlors by adopting a resolution asking the Council to amend the bath-house ordinance, providing that the sexes shall be segregated, a male attendant for male patrons, and female attendants for female patrons. In other words, the commission, which grants the permits for these establishments, seeks to remedy an evil which appears to be operating under the law.

Smokers who have been contending that the front end of trolley cars is the proper place for smoking. In the weed, and not the rear platform, are likely to be gratified. The commission will ask the Council to amend the rear smoking ordinance in view of the near appearance of "pay as you enter cars," which have no rear open end.

When Frank Matthias made application last night for a permit for a saloon at No. 625 Central avenue, at which number a wholesale liquor house is conducted by P. M. Gowder, Commissioner Topham asked Gowder who got the frontage for this saloon. He replied that Henry Lyon, former Councilman, was the man. According to Topham, Lyon received a small sum for his work, and he remarked to the commission that it did not want to be in the position of having Lyon act as an intermediary in getting saloon permits. The permit was denied.

Chief Galloway reported that B. H. Randolph conducted his saloon at Nos. 226 and 228 East Second street in a disorderly manner and sold liquor on Sunday. Randolph was cited to appear before the commission next Monday night to show cause why his permit should not be revoked. Similar action was taken in the case of Ed Halbert, No. 1415 East Seventh street, who is charged with selling liquor to minors.

Arthur Pava, who applied for a retail liquor license at No. 622 North Alameda street, was turned down by the commission.

## WEZLER NOW HAS NO ALIBI.

Two Witnesses Change Their Minds About Date.

Can't Say He Was in Portland Day of Murder.

He's Accused of Killing His Mother-in-Law.

(BY DIRECT WIRE TO THE TIMES.)  
PORTLAND, April 18.—[Exclusive Dispatch.] Yesterday Charles J. Wezler, accused of the brutal murder of his mother-in-law, Mrs. Anna Schulz, at Gig Harbor, Wash., appeared to have an alibi. Today he has none.  
Yesterday Ernest Traxler and B. B. Vincent, two employees of a moving picture theater here, were willing to swear they saw and talked with the accused man on the Monday of the murder.  
Today they say they have been thinking it over and have come to the conclusion that it was Tuesday they saw him and not Monday.  
Wezler has maintained that he was in Portland at the time the murder was committed and the statement of these two apparently confirmed him. He also named his landlady, Mrs. B. E. Ray, and a cigar store proprietor, Ralph C. Knight, as substantiators of his alibi.  
Under cross-questioning none of these persons will admit having seen him in Portland at the time he says he was here—on the Monday of the murder.

## FEUD FATALITIES.

TWO DEAD; ONE DYING.

(ASSOCIATED PRESS DAY REPORT.)  
LYONS (Ga.) April 18.—Two dead, one dying and several others slightly wounded, are the results of a Sunday afternoon battle in a family feud of long standing, which took place yesterday in Emanuel county.  
A. S. Collins, a well-to-do farmer, and his son, Wilson Collins, both of whom were killed in the fight. Alma Lewis is so severely wounded that he is not expected to live. The battle was the outcome of a dispute over a road crossing.

## SPEEDY JUSTICE.

WOLTER ON TRIAL.

(ASSOCIATED PRESS DAY REPORT.)  
NEW YORK, April 18.—Within less than a month after the discovery of the crime of the trial of Albert Wolter, the eighteen-year-old boy charged with the murder of Ruth Wolter, fifteen-year-old stenographer, was called today in General Sessions Court here. On March 24 the girl called at the apartment occupied by Wolter, to whom she had been referred by a typewriting school when Wolter applied to it for a stenographer. Two days later her dismembered and partly-burned body was found in a gunny sack on a fire escape outside Wolter's apartment.

## CRIME BRIEFS.

He "Simply Shuffled Off."

SAN FRANCISCO, April 18.—Leaving a note to the coroner saying: "I have simply shuffled off," and a will giving \$200 to his sister, Walter M. Simonds, a carpenter, committed suicide last night by inhaling illuminating gas. Despondency is assigned as the cause.

Wife Drinks Laudanum.

STOCKTON, April 18.—Mrs. Robert Highland, wife of a prominent real-estate here, committed suicide Sunday by drinking a quantity of laudanum. She had been worrying for some time past over heart disorder. She is survived by a widower and some relatives in the East.

Body Found Hanging in Barn.

STOCKTON, April 18.—The dead body of G. S. Sargent, a milkman employed on the dairy ranch of George W. Anderson, at French Camp, was found hanging from a beam in the barn at 1 o'clock yesterday morning. He leaves a brother.

Marshall Shoots and Kills.

ALBUQUERQUE (N. M.) April 18.—James Hughes, 67, a marshal of Deming, N. M., shot and killed Clemente Torres yesterday when the latter resisted arrest upon being caught breaking into a store. Hughes was backed down three times before he could shoot.

AUTO COASTS INTO CAR.

SAN FRANCISCO, April 18.—Six persons were injured, one seriously, when an automobile collided today with a Washington-street car. The chauffeur, Joseph De Martini, says he was heading south and believed he could cross the street ahead of the car. Miss Katherine Powers, who was on the front seat of the automobile, sustained a fracture of the skull and possibly internal injuries. Several persons on the car were hurt, but not badly.

## PASSENGERS SAVED.

COOL OFFICERS AVERT PANIC WHEN STEAMSHIP HITS ROCKS.

(ASSOCIATED PRESS NIGHT REPORT.)

HUHTOWN (St. Mary's, Selby Islands) April 18.—The Atlantic Transport liner Minnehaha, which went aground at an early hour this morning off the Selby Islands, is still fast on the rocks and there is little hope of saving her.  
All the passengers, numbering sixty-six, were taken off in safety, as well as about one-third of the cattle. Should the sea continue smooth, as now seems probable, the greater part of the cargo will be saved.  
No attempt was made today to get the liner off the rocks. She lies on a big, jagged pinnacle, nearly a mile off shore.  
First prospects of floating the steamer looked hopeless, and at high tide she held tight. The engine room, stove hold and after part of the vessel, however, are dry. All baggage of the passengers has been brought to St. Mary's.

OBSERVATIONS IMPOSSIBLE.

The sun has been invisible since Wednesday, and observation by the officers of the Minnehaha were impossible, but the lead had been kept going since noon Sunday, when Shipman Head was sighted. Capt. Leland, thinking himself south of the island, after backing out, headed to the southwest by direction, when suddenly his vessel was grounded. She drifted along for a few yards and then crashed into the

all probability will be made public. Many of Mr. Aldrich's friends in the Senate refused to believe the report that he would not be a candidate for reelection.

It is said tremendous pressure will be exerted to induce him to change his mind, but it is certain it will be without effect. His leadership has been so bitterly attacked, especially during and since the enactment of the Payne-Aldrich tariff law, that in some quarters it will be charged, it is advanced, that he has decided to leave the Senate because of this opposition.

## QUESTION OF LEADERSHIP.

"Have you considered that phase of the question?" he was asked.

"Oh, of course some folks will say I was forced out," he said, "but I don't think anyone who knows me will believe it."

There will be speculation in the Senate at once over the question of leadership after Mr. Aldrich's term expires. There is no rule or precedent under which the mantle of leadership goes with the chairmanship of the Finance Committee. In fact, there was no "one man" leadership in the Senate prior to the last few years. The control was exercised by a dozen men, including Mr. Aldrich, Hale, Spooner and the late Senators Platt, Hanna and Allison.

With retirement by death or political exigency, the "Big Six" as they were called, was reduced to two: Senator Hale assumed the chairmanship of the Appropriations Committee, and his time has been given over almost entirely to that committee.

In view of the fact that Senator Hale is having in Maine, where his reelection is opposed by Judge Powers, rumors were heard that he might not care to serve another term. Some of his colleagues said when Mr. Aldrich leaves the Senate, Mr. Hale would not want to stay. No confirmation could be had of these rumors, however. His close friends unite in the declaration that he is not the man to retire under fire.

## COMES TO SELF ON COAST.

Mississippi, Missing Two Weeks, Recovers Memory in San Francisco Sanatorium.

(BY DIRECT WIRE TO THE TIMES.)  
BILOXI (Miss.) April 18.—[Exclusive Dispatch.] Two weeks ago J. E. Sweetman, a prominent business man of this city who operated the two Biloxi public markets, left for New Orleans to purchase a carload of cattle. He has not been heard from until today and his mysterious disappearance had created intense anxiety.

The police of New Orleans had searched in vain for some trace of the missing merchant, as foul play was suspected, since he left here with a large sum of money.  
Today Mrs. Sweetman received a letter from him in San Francisco, saying he woke up in a sanatorium in that city and was fast recovering. According to the letter, he had no recollection of how he got to San Francisco. While in New Orleans he was seized with a pain in his head. Then his memory became a blank. When he recovered consciousness, he found himself in a sanatorium in San Francisco. Sweetman was told he had been placed there by a brother, Elks, Mr. Pearl, who found him wandering about the streets in a helpless condition. Sweetman said an operation has since been performed on his ear.

## "BEEF TRUST" SENSATION.

Control of St. Louis Packing Company by National Admitted by Secretary Under Oath.

(ASSOCIATED PRESS NIGHT REPORT.)

ST. LOUIS, April 18.—Admission by Charles L. Urquhart, secretary of the St. Louis Dressing and Provision Company, that the concern, hitherto supposed to be independent, is owned and controlled by the National Packing Company, caused a sensation at today's proceedings in the investigation of the so-called "beef trust," being conducted by Atty.-Gen. Major. Urquhart's testimony, Major declared, shows positively that the National Packing Company fixes the prices at which the local company buys and sells its meat and by-products. Urquhart testified much of the stock of his company is held by "John Doe" and "Richard Roe," and that its business is conducted on telegraphic orders received daily from Chicago.  
Major declares he will show by other witnesses the National Packing Company is a holding corporation for the Arnold, Swift and Morris interests, and controls twenty-six so-called independent companies throughout the country, fixing prices and territory arbitrarily.

## MARK TWAIN IMPROVES.

REDDING (Cal.) April 18.—The condition of Samuel L. Clemens ("Mark Twain"), who is ill of heart trouble at his country home, showed some improvement today. He had the most comfortable night he has had since his arrival in Redding. Mr. Clemens was said to be resting very comfortably today. It is understood, however, that his condition is still serious.

## CAUGHT IN MONTANA.

LOUISVILLE (Ky.) April 18.—Sheriff Emier today received from the authorities of Deer Lodge, Mont., notice of the arrest there of George B. Warner, the slave in 1904 of Fredrick Loeb, superintendent of machinery of the Louisville and Nashville Railroad Company. Warner was tried for the crime and the jury decided he was of unsound mind and committed him to the insane asylum at Hopkville, from which place he escaped in 1904. Requisition papers for his return have been asked from Gov. Wilson.

## STORMY SESSION.

O'BRIEN JOLTS LLOYD GEORGE.

Irishman Insists Minister Made Him Pledges.

Chancellor Says He's "Grossly Inaccurate."

Asquith's "Guillotine" Budget Motion Prevails.

(ASSOCIATED PRESS NIGHT REPORT.)

LONDON, April 18.—After a stormy session, arising out of a personal incident between William O'Brien and Chancellor Lloyd George, attacks by the Conservatives on the government's alleged surrender to John Redmond, leader of the Nationalists, and a warm repudiation by the ministers of any such bargaining, the House of Commons tonight adopted Premier Asquith's "guillotine" motion, under which the finance bill must be disposed of by April 27. The motion was adopted by a vote of 345 to 252.

Mr. O'Brien insisted on the correctness of the statement which he made in Cork to the effect that the Chancellor had promised the Nationalists as concessions for their support of the budget, relief from the spirit, stamp and succession duties, brewery license and land taxes and from a general revaluation.

He declared as before that he had read aloud to Mr. Lloyd George a letter which he had previously sent to the Chancellor, and which contained allegations of the support of the budget, relief from the spirit, stamp and succession duties, brewery license and land taxes and from a general revaluation.

Mr. Lloyd George, replying, declared again that Mr. O'Brien's account of the alleged interview was grossly inaccurate. The Chancellor admitted that upon the second interview, Mr. O'Brien had read him a memorandum of what had occurred at the earlier meeting, but he said the first he had heard of the letter described by Mr. O'Brien was from the newspapers.

The Chancellor warmly reproached Mr. O'Brien for publishing an account of a private interview without asking permission.  
When Mr. O'Brien had commenced to read from his memorandum the Chancellor said, "I am not in a position to make promises."  
John Redmond had recently announced the intention of his party to give cordial support to the government's policy and to the budget, because financial justice to Ireland was only remedied by securing home rule.

A. J. Balfour, leader of the opposition, said he would not comment upon the personal question, beyond saying that ministers' interviews with their opponents ought to be treated as private.  
Premier Asquith, in closing the debate, repeated that there had been no bargain between the government and Mr. Redmond.

**BENCH WARRANT ISSUED.**  
**MARKS WANTED IN COURT.**  
D. Marks, charged with securing money under false pretenses, was to have been tried in Judge Davis's court yesterday, but the defendant was not in court, and a bench warrant was issued for his apprehension. Marks, whose attorney is J. H. Smith, has no physician's certificate was produced.

It is alleged that Marks, on October 1, was released from Edward J. Kreul, giving his friend a note and trust deed supposed to cover ten acres of "fine orange land" in Riverside. The note was purported to be signed by Henry Davis, and the unfeeling prosecuting attorney asserts there is no such person in all that country. It is further alleged that the land is in the hands of "Tom" (Tommy) Williams, who is in the "Coke" business.

Three years' probation. It is one of the conditions of his parole that he save \$5 a month during the entire time. Marks, who has pleaded guilty to burglary, was released on probation and the term was made five years. He, too, must save \$5 a month, and show his bank book to Probation Officer C. D. Williams, every month. Marks, who pleaded guilty to a felony, will be sentenced next Monday. Evidence in regard to the part played by Williams in the stealing of a lot of copper wire from the Pacific-Electric Railway, was taken, and the accused will be sentenced today. Marks and Williams are charged with information charging grand larceny. Walter McDermond, a Long Beach burglar, was put away for three years on probation for a burglary on the same charge, was sent to San Quentin for three years.

into court and surrendered by his bondsmen, after which he was committed to jail and his physical condition was inquired into by a physician. It is understood his trial will follow the Bell perjury case now being heard in Judge Davis's court.

**BELL PERJURY CASE.**  
**FINALLY REACHES COURT.**  
In Judge Davis's court the complainant against Frank M. Bell, alleging that he is guilty of perjury in connection with a complaint sworn to

by P. Delli, May 15, 1936, and involving O. P. Widaman and A. R. Sanger, was finally taken up yesterday, and the evidence is being heard by a jury.

The complaint on the above date, charging Widaman and Sanger with having conspired to commit murder, was taken up to commit murder, and the two were taken into custody. It is now asserted that the complaint was untrue, and that the case is a "hoax" in the affair in the Hollenbeck Hotel and the matter of prosecuting Bell and Sanger, and that the case is being dropped for more than a year.

Arrested and booked at the Central Police Station without a warrant in a case which he asserts should have been settled by civil proceedings for payment of back license to the city, Raymond Shultis, a fire insurance agent, appeared in Justice Williams' court yesterday and his trial was set for the 25th inst. The magistrate showed his disapproval of high-handed proceedings on the part of the city, and Vasey and McPhillips, when he released Shultis on his own recognizance.

According to the petition for probate of the will, the decedent died of natural causes, and the cause of death was due to the deceased as a partner in the law firm of Harris & Harris, and the firm of Harris & Behrens, established to be worth \$10,000. The will of Mrs. Will A. Harris, joined in the petition.

**DE ROSIER'S CASE.** Jacob De Rosier, the French motorcycle rider, charged with having contributed to the conspiracy of Pearl Clark, appeared in Judge Wilbur's court, accompanied by an attorney and a few friends, yesterday. The date for the preliminary examination of De Rosier was set for Monday next, and in the meantime he was allowed to go on \$1000 bond, which was promptly furnished. It is alleged De Rosier and his attorney that a rough fight will be put up in the line defense.

**SUITS ON POLICY.** H. E. Knerr sought an action in the Superior Court yesterday against the Pacific Coast Casualty Company, to recover \$1257, alleged to be due. It is asserted that Knerr took out an employer's liability policy for \$5000 in the defendant company, and that afterward Fred E. Everts secured a judgment for \$1000 on account of injuries received while at work on the South Pasadena High school building, and suit is brought to recover the amount indicated.

**“QUEEN QUALITY”** alone is a strong attraction; a daily output of 18,000 pairs of shoes is ample evidence of this fact. But, when you buy such shoes in an establishment where big value-giving, clean methods and careful service prevail—shopping becomes a pleasure.

Such a combination is on the program daily at any Baker store. Eight years' close companionship with these methods has made them "second nature" and the attending success has demonstrated their value from a business standpoint. It is needless to say that they will prevail so long as the name BAKER symbolizes SHOES.

No inquest was held yesterday to de-

termine the cause of death in the case

of Charles Williams, a negro bricklayer

who attempted to kill Patrolman E. E.

Sanders on the night of December 15

last.

Examining physicians and surgeons

who were at the autopsy Saturday pre-

laid his death due to tubercular

culosis of the viscera peritoneum. The

widow made a statement to Coroner

Hartwell yesterday and sent in a notice

that she did not care to have an in-

Mrs. Williams is convinced that fur-

notice to the coroner reads: "I do not

deem it necessary to have an inquest

held on the body of my husband, and

I hereby waive and request that none

be held.

PORTLAND, April 18.—[Exclusive

Dispatch] After living in Portland for

nearly two years as a reputable mer-

chant, Frank Orr, a member of the

firm of E. L. Knight & Co., electrical

constructors of 183 Morrison street,

was taken into custody this morning

as a fugitive from the penitentiary

at Walla Walla. Orr strenuously de-

on his body tally with those given in

a circular issued at the time of his

escape by the Washington authorities.

In the fall of 1908 Orr was convicted

at Pasco, Wash., on a charge of bur-

lary. He was sentenced to an in-

determinate term of from one to

fourteen years in the penitentiary.

While on the way to prison he eluded

the vigilance of the deputy sheriff at the

depot and although a posse was im-

mediately organized to pursue him,

he made his escape and nothing more

was heard of him.

Strangely, he happens to be well

known to Chief of Police Cox, who

was much surprised to find him in

custody.

COMPANY LOSES MANY NICKELS.  
"No Seat No Fare" Ordinance Is En-  
forced in Trenton—Conductors'  
Demands Unheeded.

(BY DIRECT WIRE TO THE TIMES.)

TRENTON (N. J.), April 18.—[Exclu-

sive Dispatch.] Enforcement of the  
new "no-seat no-fare" ordinance today

on the trolley lines, led to serious and  
amusing incidents. The company lost

much money because it could not pack  
cars in the old "jam-the-cattle-in"

style. Many persons say they will com-  
plain to the police because of the fail-

ure of the company to provide seats.  
The ordinance provides a penalty of

\$5 for every passenger for whom the  
company fails to provide a seat in the

period from 6 to 9 a. m., and from 5  
to 7 p. m.

Much trouble came from women pas-

sengers. On the West State street line  
a party of high school girls boarded a  
crowded car. Many gallant young men  
were eager to give up their seats, but  
the girls announced loudly that they  
preferred to stand. Despite his de-

mands the conductor did not get a  
single fare.

Lim Nee Kae, a prominent Chinese,  
gave a reception at Amoy, China, to-  
day, for officers of the American-  
Asiatic squadron and officials of the  
Chinese navy. Later Juan Menarini,  
Commissioner of Customs, gave a gar-

den party for the naval officers and  
foreign residents. Totti Kun presented  
Rear-Admiral Hubbard with birds  
nesta, fruits, tea and sugar, and such  
other gifts as Fu Kien province is  
accustomed to make to the Emperor.

**PIANOS**

PIANO DEALERS ARE ESPECIALLY INVITED

I will offer at auction, and sell  
to the highest bidders, 32 beau-  
tiful pianos, which are being  
closed out at forced sale. The  
party to whom they were shipped  
was unable to complete arrange-  
ments to open up a store as  
planned—hence the goods have  
been turned over to me with  
positive instructions to dispose  
of them at auction without de-  
lay. I have secured the empty  
storeroom at 248 So. Spring st.,  
near Third st., for two days.

These pianos come from large,  
well-known manufacturers, and  
their name and financial standing  
are a guarantee back of every pi-  
ano. There are many beautiful  
designs in grands, player pianos,  
and uprights, in all kinds of  
cases. The sale starts promptly  
at 10 a. m. and 2 p. m. daily. The  
goods will be sold for cash or  
monthly payments to good par-  
ties. Bring your musical friends  
or experts with you. Don't for-  
get the hour or the place.

**Yucaipa Valley**

Has Unlimited Water Supply

The Redlands and Yucaipa Land Company has recently closed a deal with the South Mountain Water Company, giving them, in addition to their already large water supply, all of the water in Potato Canyon, formerly owned by the South Mountain Water Company, at present flowing nearly 200 inches, having an estimated value of \$200,000, a \$30,000 pipe line and \$60,000 worth of additional high-grade apple land.

THIS is one of the most important water deals ever consummated in the State, and makes the Yucaipa Valley one of the best-watered valleys in the State.

Those who have already bought land in the Valley will get the benefit of this deal without one dollar additional expense. The prices of land will remain the same for a short time, until the Company completes its 20-inch pipe-line now in process of building, to carry this water to the new apple orchards and Yucaipa City townsite.

Get in touch with the Yucaipa Valley project, the most active and best-selling land project in the West. First, last, and all the time, we ask you to visit the Yucaipa Valley and see for yourself a body of land comprising 11,000 acres that is as near perfect for pleasant and profitable homes as it is possible to find anywhere on earth. We court the strictest possible investigation of the soil, water and climatic conditions. The soil is especially adapted for apples and all other deciduous fruits, and all kinds of vegetables.

OVER \$50,000 WORTH OF BIG RED APPLES WERE SHIPPED OUT OF THE YUCAIPA VALLEY LAST YEAR. For years past this portion of land has been rented for truck farms at an annual rental of \$25 per acre per year, thus giving you a comprehensive idea of how profitably this class of farming can be conducted.

The Yucaipa Valley is surrounded by mountains, affording absolute protection from the winds that are so prevalent in some sections of the country. The altitude is over 2000 feet, and the climatic conditions are perfect.

It is a difficult matter for us to convey to you in an advertisement the beauties of climate and scenery, and the exceptional attractiveness of the Yucaipa Valley, but we urge you to visit us and draw your conclusions from an unprejudiced standpoint. For homeseekers, or for investment, the opportunities in the Yucaipa Valley are exceptional.

**WHAT WE HAVE DONE.**

The official opening of the Yucaipa Valley occurred February 8th of this year. Since that time a portion of the land has been platted and a great many tracts sold. Over 200 acres of apples have already been planted by purchasers. The town of Yucaipa City has been laid out, palms and trees planted, streets graded, and other improvements made. Water has been piped to all of the land sold. A modern 80-room hotel has been constructed, and will be formally opened April 20. Several storerooms have been constructed; a part of them are occupied and others will be occupied soon.

**WHAT WE WILL DO.**

In addition to what has already been accomplished in laying out and establishing the townsite and subdivision Number 1, the Company is now installing a permanent 20-inch pipe-line to carry the Potato Canyon water recently acquired from the South Mountain Water Company to a portion of the land. This pipe line will soon be completed. A large reservoir will be built to store this water. Other portions of the land will be platted shortly, and it is the intention to construct a line of railroad from Redlands to the Valley, thus affording quick transportation between Redlands and Yucaipa City, a distance of 8 1/2 miles. Every improvement that can be made for the benefit of settlers and investors in the valley will be carried out as fast as possible.

**YUCAIPA VALLEY, THE RED APPLE COUNTRY.**

Apple orchards in full bearing in the Upper Yucaipa Valley are worth from \$1500 to \$2000 per acre. You can buy this grade of land now in our Subdivision Number 1 for \$250 per acre, with plenty of water. Apple trees come into bearing in five and six years, and you can readily see the money-making possibilities of this proposition. It will pay you to come and look the ground over.

Prospective purchasers should buy tickets to Redlands and call at the Company's office. The trip from Redlands by automobile is free. RAILROAD FARE FROM ANY POINT IN CALIFORNIA WILL BE REFUNDED TO PURCHASERS OF FIVE AND TEN-ACRE TRACTS.

Arrangements can be made for planting and caring for orchards at a reasonable charge. We will assist you in every way possible to find out exactly what we have to offer, and to investigate every phase of the proposition, and unless we can prove to your satisfaction that we have exactly what we advertise in every way we will not even ask you to buy. Come and see for yourself. Make up your mind to investigate the Yucaipa Valley. In case you cannot come, write today for free literature.

**THE MEN BEHIND THE ENTERPRISE.**

With all its wealth of soil, scenery, water and climate, even the Yucaipa Valley could not forge ahead and score the success to which it is entitled, without sound, conservative, sensible business management. Each and every man behind the enterprise has been most carefully selected because of fitness for his position.

Two Young Women, Returned Late from China, Purchase Pretty Bungalow.

**GLENDALE, April 18.**—Miss Charlotte Simpson and Miss Carrie Erickson, formerly missionary nurses to China, have purchased a pretty little bungalow at this place and expect to take possession next week and remain here for some time. The house is a half-acre lot and five-room colonial cottage on the corner of Fifth street, between the damns and the Verdugo road. The price was \$10,000.

The women were sent to China as missionary nurses by the Seventh Day Adventists church and passed three years and one year in the province of Honan. During their stay in the country, they learned to speak the Chinese language. They returned several weeks ago.

Miss Erickson expects that within a week, her mother, Mrs. P. C. Erickson, and her sister, Mrs. C. N. Erickson, will arrive with their families. It is the intention of the four ladies to occupy a bungalow.

A second petition was rushed to the Congressman and yesterday's celebration was once again an appointment had been confirmed, and still the residents of the quiet suburb are insisting that no map of the state of California is complete that is not shown in bold type "Casa Verdugo."

Phoenix Men Figure on  
Buying Roosevelt Dam.

Expect Power Rentals to Pay  
for the Plant.

Unionists Planning to Break  
Into Politics.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

PHOENIX (Ariz.) April 18.—A tremendous plan was agreed upon last night at a meeting of a number of prominent business men and farmers in Phoenix. It is to induce the membership of the Salt River Valley Water Users' Association, representing 200,000 acres of irrigated land, to purchase the Salt River irrigation project direct from the government, paying for it at once from the proceeds of a bond issue that would probably exceed \$9,000,000. The present agreement with the government is that the cost of the dam shall be repaid in ten annual installments, from the time of completion of the Roosevelt dam, which will be some date this summer. The government will call for no interest, but has thus far provided little water power that may be sold. The plan now proposed is to complete the water power system outlined by Chief Engineer Hill, till something like 20,000 horse power shall be available, salable at from \$50 to \$80 per horse power per annum. This income, it is believed, would not only pay all interest charges, but would wholly pay the cost of the works within from thirty to fifty years.

President-elect J. P. Orme of the Water Users' Association, will leave for Washington soon to consult with officials of the Reclamation Service and with the Secretary of the Interior over a plan that payments on the cost of the local reclamation project be delayed for two years, the time to be utilized by the local farmers in building, at their own expense, additional electric generation plants that will cost about \$200,000. It is hoped that the money available for the Salt River project ran out before the plans of the engineers could be fully developed.

Mr. Orme will seek also, in his capacity of member of the County Board of Supervisors, to secure an amendment to the Statehood bill recognizing to some degree the rights of priority now possessed by occupants of school lands.

UNIONS GOING INTO POLITICS.  
Looking toward the inauguration of the new State government of Arizona, the Phoenix Trades Council has determined to get into politics. It has issued a proclamation in which it is stated that the council deems it absolutely essential that the organized workers of the Territory should have a voice in framing the State Constitution and in order to have such voice, it will be necessary to elect able men from the ranks of labor to the Constitutional Convention. With this end in view, all labor organizations in the Territory have been sent a letter in which is urged "that some method be devised that will result in the election of the new State-to-be will have such constitutional rights that their efforts to obtain better working conditions will not be hampered by Pinkertonian, judicial or other unwarranted processes, and that they will have the right of initiative and referendum and recall inserted in the Constitution of the new State, the election of which will be by popular vote, etc." So the unions are asked to correspond with Secretary W. E. Stewart, of the Miners' Union of Bisbee, with the idea that a labor union convention be held soon at some central point in the Territory.

REPUTATES "REVIEW."  
The Trades Council saw fit to repudiate any connection with the Arizona Labor Review, a weekly publication that is being started in Phoenix by E. E. Motter, late of Los Angeles. It appears that Mr. Motter has neglected to secure the cooperation of the leaders of the local council.

Among a number of witnesses in the Healy assault case, who have been drifting through Phoenix of late, bound for Yuma, to testify before the grand jury, was Tom Schultz, a well-known Arizona newspaper writer, now a resident of Parker. Mr. Schultz was the party that guided Mr. Healy's foot steps into the desert. He also admitted a sort of preliminary assault made by him on Healy before the mob arrived. But he said he was not arrested and was suspended five times, as claimed, or at all. According to John Roberts, another member of the escort party, "I never saw Healy in the street after he was released. His face presented an aspect awful to behold and he was yelling at the top of his voice. But no one hit him and he was not strung up. The rope which was placed around his neck was never drawn tight." Healy is now at Yuma, prosecuting the case. His family is still at Parker. The case is reported to have been ignored by the grand jury.

In fact, it is a pity and a shame to allow anyone to suffer with Rheumatism or Gout in any form when you can get Truck's Prescription for Rheumatism and Gout for \$1.50, or six Prescriptions for \$7.50. ## For Catarrh Medicine Free in Every Case Where It Fails to Relieve

Neglect or pessimism, we believe, is the greatest enemy the public has to contend with when applied to the loss or recovery of health. Practically every case of consumption might have been cured if hope had been maintained and proper treatment had been resorted to at the first symptom of the disease. Until the advanced stage is reached, consumption is curable. Catarrh is responsible, we believe, for many cases of consumption. It is about catarrh we want to talk to you today, incidentally consumption, since the two are so closely allied.

We have a medicine made from a prescription of one of the most successful catarrh specialists known. We believe it is positively without an equal. We are so satisfied that we are right, that we will supply the medicine free in every instance where it is used according to directions for a reasonable length of time, should it fail to give satisfaction in every particular. We want every one to try this medicine at our risk. There are no conditions attached to our offer. We put the user under no obligation to us whatever.

The medicine we want you to try is Rexall Muc-Tone. It is a catarrh remedy that goes direct to the seat of trouble. It is carried by the blood to every part of the system. It purifies and enriches the blood, tones up the mucous cells, and brings about a condition of health and strength that tends to prevent the germs of consumption from getting a start. Besides this, Rexall Muc-Tone is a wonderful appetizer, digestive aid and flesh builder. Its good effects are often felt from the very first dose. It is one of the largest and most satisfactory selling medicines that we have ever had anything to do with.

We know so much of the great good that it has done that we personally back it up with our reputation and money, which fact should be ample guarantee to satisfy anybody. Rexall Muc-Tone comes in two sizes, 50c and \$1.00. We urge you to try it. Remember you can obtain Rexall Remedies only at The Owl Drug Co., Inc., Los Angeles, San Francisco, Oakland, Cal.; Seattle, Wash., and Portland, Oregon.

NEW ALASKA GOLD FIELD.  
TACOMA, April 18.—[Exclusive Dispatch.] From Seward comes the news of a new gold discovery a hundred miles from Lake Ilamna. The discoverers are two old trappers. Early last spring a small stampede started from Nome to a reported strike near Nushagak River, one of the stampeded being John Webster. After investigating the Nushagak report, Webster took his outfit and started up Kogitung River on a prospecting trip. When in the interior Webster met the two trappers, who were en route to coast for food. Having ample grub with him, Webster gave them of his store. In gratitude the old fellows told Webster of the gold field and found him in paying quantities and offered to show him where. He readily assented. After investigating the strike, Webster went out with his outfit and set out for the strike by dog sled.
